

Save the Bridge Meeting – Greenville Community Center

March 15, 2025

1. **Introductions** – Please sign the document so we can confirm the number of attendees.
 - **Bridge history: The bridge is known as Tielbur, High, or Nelsen River Access Bridge.**
The Bridge is a combination wooden beam and Pratt through truss bridge with A-frame portal and Town lattice strut bracings. It was built by the Clinton Bridge and Iron Works Company in 1907. Information obtained from *The BridgeHunter's Chronicles*.
